D - Withheld to avoid disclosing data for individual companies; data are included in higher-level totals.

S - Estimates are suppressed when publication standards are not met. Suppression occurs when one or more of the following criteria are met:
the firm count is less than 3; or the Relative Standard Error is 50 percent or more.

¹ All firms data include both firms with paid employees and firms without paid employees.

² For information on sampling and nonsampling error, see the "Reliability of Estimates" section in the Introductory Text.

³ Detail will not add to total because a firm may be tabulated as Hispanic or Not Hispanic; and in one or more race categories.

⁴ Includes publicly held, foreign-owned, and not-for-profit.
